01 · PROFILE

Junior Frontend Developer and UI/UX Designer, currently training at ITS Tech Talent Factory, with a background in Graphic Design and Communication. Front-end is my passion: I build responsive interfaces with HTML, CSS and React, bringing the eye for design and user experience I developed in my visual design studies. I'm looking for a team where I can craft polished web interfaces while continuing to grow on the back-end side.

02 · EDUCATION

Full Stack Developer with Cloud — 2025 – 2027

ITS Tech Talent Factory (higher technical institute) · ongoing

- **Front-end:** responsive interfaces with HTML5, CSS3, JavaScript and React.
- **Databases:** design and management of relational databases with SQL.
- **DevOps and back-end:** containerization with Docker; fundamentals of Java, Python and AWS.
- **Method:** team projects using Agile/Scrum.

Diploma in Graphic Design and Communication — 2020 – 2025

I.I.S. Carlo Emilio Gadda · Paderno Dugnano (Milan)

- Photoshop, Illustrator and InDesign for graphic design, layout and photo editing.
- AutoCAD for technical drawing and 2D/3D design.
- Photography, digital post-production and visual communication.

03 · EXPERIENCE

Web Developer Intern · WebTea — Jun 2026 – Sep 2026

ITS internship: full-stack development of the sales website for an upcoming book, with interactive quizzes for readers. Astro · React · PostgreSQL

Graphic Design Intern · Magica Luce S.r.l. — Jun 2024

School internship: layout and graphic design with Adobe Creative Suite, digital image post-production.

04 · PROJECTS

Scan the QR code with your phone to open the project

WEB TOOL

01 Hue UI

Personal project · 2026

Color palette generator for user interfaces: gives every color a role, checks WCAG contrast for each text pair and fixes it in one click. Designed in Figma, palettes shareable via URL.

61 tests · Lighthouse 100 · React · TypeScript · OKLCH

open ↗

WEB APP

02 movieApp

ITS exam project · 2026

Netflix-style web app for movies and TV series with live data from TMDB: live search, filters, trailers and favorites. Written in vanilla JavaScript, with no framework.

80 tests · Lighthouse 100 · JavaScript · TMDB API

open ↗

PROTOTYPE

03 DiarioStage

School project · UI/UX · 2026

Digital attendance log for internships that replaces the paper diary, for students, tutors and the regional authority, with real-time hour checks and a dedicated design system.

12 screens · desktop + mobile · Figma · Design system
